## Knowledge Café: Proposed Questions

---

It is important that the questions used during the Knowledge Café reflect the work that we have done during the Coordination Desk meeting.

As a starting point, we can take the following four questions, which will be discussed and refined based on the Coordination Desks' feedback during their meeting:

1. What works well on knowledge management in the One Planet network?
2. What doesn't work well on knowledge management in the One Planet network?
3. What is the vision for knowledge management in the One Planet network?
4. What recommendations do you have to strengthen knowledge management?
